

As a leading National supplier of public event infrastructure, the Pages Group is deploying its substantial resources providing Pop Up Testing and Medical facilities to assist in the response to COVID - 19.

EMERGENCY RESPONSE FACILITY OVERLAY

Having provided medical and operational facilities for events; from the Sydney Olympics to the Melbourne and Gold Coast Commonwealth Games, Pages' expertise at large scale quick response infrastructure makes us better placed to deal with the challenges faced during the current medical emergency.

Pages can provide a complete turn-key solution including: Structure, flooring, climate control and power as well as vacuum toilet facilities and FFE to metropolitan, regional and country locations across Australia's east coast.
